## School Accountability Report Card

### Reported Using Data from the 2019-2020 School Year

#### Published During 2020-2021

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **California School Dashboard**

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

### School Description and Mission Statement (School Year 2020-2021)

Willows High School is a four-year comprehensive high school. It is located in Glenn County in the Northern Sacramento Valley. Willows High School is one of four schools in the Willows Unified School District with an approximate enrollment of 494.

Willows High School was granted a six year WASC accreditation in 2018 and prides itself in preparing students for several different avenues beyond high school. On the average, 40% of each class over the last five years took the SAT and 77% took the ACT as part of their preparation for higher education. The many Career Technical Education Programs offered at the school provides students options for career pathways.

There is a full slate of athletic teams from freshmen sports to varsity sports for both males and females to participate in at Willows High School. These include football, volleyball, swimming, tennis, cross country, basketball, wrestling, soccer, track, golf, baseball and softball. The high school is a member of the Sacramento Valley League under the direction of the Northern Section of the California Interscholastic Federation. In addition to the athletics program, there are clubs and leadership organizations such as Key Club, FCCLA, Meats (Math, Engineering, Arts, Technology, Steam) Club (Robotics), Friday Night Live, S.W.A.T. (Students Working Against Tobacco), ESPORTS, Future Farmers of America, California Scholastic Federation, Willows High School Music Club, Interact Club, Academic Decathlon, and the Spanish Club.

In a recent parent survey, the parents indicated they feel a sense of involvement, feel welcome and they support the school and its goals. There are three active parent/community support organizations, the Music Boosters, FFA Boosters, and the Willows High School Boosters. All three organizations provide invaluable assistance in the operation of the athletic, academic and music programs. Each year the Willows High Boosters' clubs donate approximately \$20,000 annually to those programs. Also, each year the parents of the seniors organize a Sober Grad Night. In addition, there are many organizations and service clubs that provide scholarships and educational grants to our deserving graduating seniors. We continue to improve and upgrade our access to the world of knowledge via computer technology and the Internet for our staff and students. We are preparing to meet the challenge of our changing local student population and the curricular changes that are being implemented by the school board, the State Department of Education and the Governor. We are committed to providing the best education possible for all our students in a safe, inviting atmosphere designed with our students' success in mind.

District-wide maintenance and grounds personnel are available to all schools in the district, providing well-groomed landscaping and ensuring that the facilities are always in operational order.

In August of 2018, our district utilized our Measure B Bond with upgraded facilities at Willows High School. They completed the cafeteria restrooms and flooring, new gym bleachers, a new HVAC system and upgrades, and remodeled girls and boys locker rooms/bathrooms. Also, our district is committed to technology and providing resources and tools for our students in the means of technology funding.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	15	N/A	20	N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

#### Opportunities for Parental Involvement (School Year 2020-2021)

Parents have many opportunities to become involved in their child’s education: Back to School Night, Project Night/Open House, Willows High Booster Club, FFA Boosters, Music Booster Club, School Site Council, English Language Advisory Committees, and as a Parent Volunteer in the classroom and through the many clubs on campus.

Please contact the school principal, David Johnstone at 530-934-6611, to find out how you can participate.

Suspensions	0.1	0.1	
Expulsions	0.0	0.0	

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

### School Safety Plan (School Year 2020-2021)

An extensive school safety plan, updated annually, in accordance with SB 187, has been developed and implemented. This plan includes the following emergency procedures: traumatic incidents, imminent danger procedure-Code Red, evacuation/relocation procedure, civil defense/disorder, bomb threat/bomb emergency, earthquake, chemical spill, crime in progress, and fire/explosion. Staff and students practice fire, earthquake, and the Code Red Lockdown each semester. Teachers and students are familiar with the procedures. Safety is high priority at Willows High School. The plan was reviewed and updated October 2020.

### Types of Services Funded (Fiscal Year 2019-2020)

We are required to report financial data from the 2019-20 school year by the California Department of Education. More recent financial data is available on request from the district office. It is important to note when comparing Teacher and Administrative Salaries, these salaries include BOSS (Benefits on Salary Schedule).

Spending per Student:

To make comparisons possible across schools and districts of varying sizes, we first report our overall spending per student. We base our calculations on our average daily attendance (ADA) for the 2019-20 school year.

We've broken down expenditures by the type of funds used to pay for them. Unrestricted funds can be used for any lawful purpose. Restricted funds, however, must be spent for specific purposes set out by legal requirements or the donor. Examples include funding for instructional materials and teacher and principal training funds.

Next to the figures for the district and state averages, we show the percentage by which the school's spending varies from the district and state averages. For example, we calculate the school's variance from the district average using this formula:

### Teacher and Administrative Salaries (Fiscal Year 2018-2019)

Category	District Amount	State Average For Districts In Same Category
Beginning Teacher Salary	\$60,840	\$44,318

Teachers take time each year to improve their teaching skills and to extend their knowledge of the subjects they teach. This year, like none other during our pandemic, teachers started off in the summer preparing for our online zoom classroom instruction and building upon all their technology proficiency to provide the best possible online instruction and learning experience. Time is set aside for their continuing education and professional development. Collaboration days are scheduled every other Wednesday with additional staff meetings to discuss and implement the direction for addressing standards, common assessments, and overall student performance based on prior years CAASPP scores, and also to excel with our WASC Accreditation. Professional Learning Communities and collaboration are an important part of our academic process because academic excellence is important to us.

We have also implemented instructional rounds with some instructional practices as our focus. We have two coaches working and supporting staff. Six days during the school year are set aside for instructional rounds where the coaches go into classrooms with other teachers to observe and discuss the instructional practices seen throughout the day. Lunchtime is set aside for an opportunity to collaborate and dissect the things seen in the different classrooms by sharing ideas and promoting online programs that are engaging and enhancing the curriculum.

Also, Professional development is encouraged and funded through the District's Professional Development Funds. This has allowed teachers the opportunity to find subject specific development and support rather than administration trying to find something that works well for the majority of the staff. It also allows for a more personalized approach which administration really encourages.
